## Experience

**Senior Product Designer**, Square  
July 2018–Present in New York, NY

Improve the Square Dashboard, which helps merchants manage their business. Increase efficiency and consistency across the company by maintaining and improving the design system used for back-of-house products.

**Product Designer**, Facebook Social Good Team  
September 2016–June 2018 in Menlo Park, CA

Set the vision for and continually evolved Birthday Fundraisers. Collaborated with design team on the Fundraisers homepage. Enabled people on Facebook to donate through live videos and collect donations directly from their posts.

**Product Designer**, Messenger  
June 2014–September 2016 in Menlo Park, CA

Designed first iterations of location-sharing, video calling, secret conversations, contact-sharing, and Messenger codes. Worked with the engineers and product managers to improve search. Enabled people on Messenger to use the app without a Facebook account.

**Product Design Intern**, Facebook  
Summer 2013 in Menlo Park, CA

Worked with the Platform team to help third party music services integrate with news feed. Presented in team critiques and prototyped multiple options of a music player for news feed. Closely collaborated with PM and engineers to design and build a first version.

**User Experience Intern**, Fluid, Inc  
Summer 2012 in New York, NY

Helped craft client pitch presentations. Organized the information architecture of e-commerce sites. Designed and specced wireframes, working closely with the visual designers to prepare for feedback rounds and hand over final designs. Designed an internal sales dashboard tool.
